2002 PA/USATF Road Grand Prix

Scoring Changes For 2003

The top 50 open men, open women, and 40+ men will be scored in each race and the top 25 50+ women and 60+ men will be scored in each race. The number of runners scored in the other divisions will remain the same.

Individuals for all age divisions will now compete in two different competitions – long races and short races. Short races are those under 10K and under and long races are over 10K.

50+ men's teams will now need 4 runners in order to score as a team. However, 3-man teams can be scored after all of the 4-mar teams have been scored.

Individuals can drop their lowest score in the short-race competition.

All A teams will score at least one point even if they do not finish in the top 10 at a race.

Open Men

Our team finished in 11th place for 2003.

Open Women

As was the case for the guys, we finished in 11th place for 2002. Individually, Becki Kirege finished 34th in the short-race competition and 20th in the long-race competition. Becki (257-9056) is in charge of this team.

40+ Men

Our team finished 4th for 2002. Individually, Slim Pickens finished 34th, Brian Davis finished 20th, and Craig Whichard finished 45th. Slim and Rich Hahn are in charge of this team.

40+ Women

Our team finished in 8th place for 2002. Individually, Marian Richard finished 24th.

50+ Men

We finished 6th for 2002. Individually, Bill Dunn finished 9th.

50+ Women

Our team finished 3rd for 2002. Individually, Georgia Riley finished 13th and Chris Hallen finished 20th. Georgia is in charge of this team.

60+ Men

Our team won for the third time in the past four years. Individually, Joe Hurtado finished 3rd, Bob Schmitt finished 4th, Tim Rostege finished 7th, Norm Saucedo finished 14th, and Ken Noel finished 22nd.

70+ Men

We did not field a team in this division in any races this year. Eddie Reyna won the 70+ individual title and Jack Friedlander finished 4th. Eddie joins Stan DeMartinis (5 times), Howard Powers (2 times), and Dave Valles as club members who have won individual titles in this division.

ANNUAL AWARDS DINNER – 1/25/03

The annual club awards dinner is set for Saturday, 1/25/03, beginning at 5:30PM with dinner starting at 6:30PM. It will again be held at the Los Gatos Lodge. The meal choices include prime rib (\$34.00), broiled salmon (\$27.00), and veggi-lasagne (\$21.00). These prices include the tip, sales tax, a salad, vegetables, potatoes or rice pilaf, bread, coffee or tea, and dessert.. Please let Danny Moon, Ken Napier, or Walt Van Zant know if you intend to attend this event.

Miscellaneous Drivel

The parking fee at West Valley College is \$2 per day every day of the week from 7AM to 10PM. The Fall and Spring parking fees are \$30 each. The summer fee is \$18. The fine for parking without a permit is \$25.

Thanks to Kelly Emo for preparing most of the miscellaneous drivel and to Jim Bordoni for keeping track of all of the club members' performances at the all-comer meets.

Remember to come to workout a few minutes before warm-up if you wish to be included on a relay team. The biggest highlight of the later part of the '02 year has been the annual quest for the sub-five minute mile. Danny "Rocketman" Moon once again set out to conquer the 5:00 minute dragon through a series of races including the summer all-comer track meets in Los Gatos and the lightning fast and penultimate cherry picking red ribbon mile in Hollister (where?), CA. While he had several excellent performances, the barrier remained. However, Howard Powers came to the rescue. How, you ask? Rich Stiller once joked with Howard that WVJS would be holding a downhill mile, running down Fruitvale at 5:00 am before the annual mile on the track. Word has it that Howard actually showed up. This year, Rich decided to put his money where his mouth is and organize the first annual Howard Powers Down Hill Mile. The race was held on November 24th at the more humane hour of 8:00 am. The course was lightning fast dropping down the extent of Fruitvale and finishing in the first parking lot at WVJS. The course was perfect for fast times and Danny crushed the barrier, running a blazing 4:51. Looks like the Howard Powers Down Hill mile will remain on the club-racing calendar.

Kelly Emo is a jinx on 5k races. It started with the Run for the Law in June where Kelly, Rich Stiller, Nick Butterfield and Rich

Hahn all got messed up on the turnaround point by volunteers who didn't know where the turn around was actually supposed to be. Then, on August 11th she attempted to run the Concourse 5k in San Francisco and ended up doing five miles of cross-country with one other competitor. Then she entered the Palo Alto Moonlight 5k and finished in a 16:49 (guess is that it was 2.5 miles) and finally the Chiropractic Challenge in October where she finished in 26:06 (the web results list it as 3.83 miles). Completely fed up with 5ks, Kelly is now turning to marathons.

Miss-marked 5ks are the trend now as another racer of the year race was the Carousel to Coaster 5k in Santa Clara. Results were suspicious there as well. Becki, Walt and Greg Burke did the 5k and everyone ran suspiciously fast. This race was sneaky as the mile markers were evenly spread out. Word also has it that there was an inaugural US Half Marathon in SF in November, with an elite crowd that was over a mile short! We need Rich Stiller and Danny Moon to measure all races...

Missy Sudan has been running very well, word has it she passed almost everyone in the club on a recent Saturday morning pushing baby Anil in her jogging stroller. Word also has it that Walt was trying to bum a ride in the jogger during a particularly grueling workout.

The Annual Club Handicap race was another resounding success with a scrumptious breakfast once again prepared by Rich and Judy Collins. Rick Kananen held off a fast charging Joe Hurtado for the win. Helen Wong won the coveted bottle of "Cheap Red Wine" by finishing last. Chris Hallen beat Helen by about an inch. The 4-man handicap

committee had a bad day as they finished 11th, 28th, 30th, and 36th.

Once again, the club had their annual Thanksgiving Day 7 mile run on a beautiful, clear sunny day. The top ten finishers were awarded fabulous stick figure artwork designed by Walt and crew. This year, several WVJS'ers, who have not been seen in a while showed up to participate. It was great to have Bob Schuck, Ralph Poole, and Danielle Zelinski join us again. The club had over 30 people show up for this annual fun way to earn your turkey.

George Moss, who is now 67, recently sent the club an update on his health problems as follows:

I want to tell you that with a little help from Dr. Dillingham and Gina at Active Care (and about \$10,000), I have managed to rehab my arthritic left knee to the extent that it can be rehabilitated. Although there is not a lot of clinical data to support my claim, and the FDA will not allow manufacturers to claim that it does; I believe that my taking daily doses of Glucosamine/Chondroitin Sulfate with MSP for years has restored flexibility and stopped further erosion to the miniscus and cartilage in the lateral compartment of my left knee. I had an MRI of the afflicted knee area recently--there is no inflammation and it is pain free! And with a little help from Dave Hannaford, I

have also managed to restore my chronically inflamed right Achilles tendon. It is healthy and normal for the first time in years.

Glynn Wood, the former American 40+ record holder in the mile, recently had back surgery and will not be running for six months. He will turn 70 in a little over a year from now.

Don Packwood reports that he once ran over Diamond Head when on a vacation. He decided to go out for a run and thought it would be neat to run over Diamond Head. He was running along when he realized that he was at the tail end of a race in progress. He passed person after person until much to his surprise he was up with the leader. He ran with him and encouraged him on, and when they came to the finish line he bowed out and cheered him on to his win. He felt pretty good about being so competitive in that race until he learned it was a race for people with various disabilities. Don said that it was just like running with some of his club mates – Walt, Ken, Stan, Howard, etc.

Joe Hurtado finished 6th in the 2002 cross country grand prix.

As most of you know, we have a club web page. If you haven't checked it out, take a look. The address is: <http://www.wvjs.org>

Rich and Judy Collins hosted our annual handicap race for the 5th year in a row at their home in Saratoga. As usual, they provided a very nice breakfast for all of us after the race.

Rick Kananen, Joe Hurtado, and Dave McIntyre started within 10 seconds of each other and battled all of the way. Joe started 10 seconds behind Rick and Dave and caught them during the 2nd loop of the 4-loop race and briefly took the lead. But, Rick rallied and took a 5-second lead over Joe going into the last loop. Rick passed Madelyn early in the last loop to take the overall lead and held his slight edge over Joe the remainder of the way. Dave followed in third.

Bob Pickens broke the course record with a fast 15:58. He kept getting faster each lasp, opening with a 4:05, following it with a 4:03, then a 4:00, and then a finishing loop of 3:50.

Becki Kriege led the ladies with a scratch time of 18:07. Kristina Mathias finished in 18:10.

Don Packwood won the predicted time contest by running within 1 second of his predicted time.

Helen Wong won the coveted bottle of "Cheap Red Wine" by finishing last. Chris Hallen beat Helen by about an inch.

The 4-man handicap committee had a bad day as they finished 11th, 28th, 30th, and 36th.

Dick Barrett Trophy Winner – John Peterson

Easy win for the Peterson team this morning as the first four teams were widely separated. The first place team won by over a minute as they ran 143 seconds under their rating. The 2nd place team ran 76 seconds under their rating. And, the 3rd place team ran 44 seconds under their rating. We had a good battle for 5th place as Al Murray passed Dave McIntyre with 100 yards to go and then barely withheld Dave's comeback attempt. There was also a good battle for last place as Slim Pickens passed three teams during the last 200 yards to move from last to 8th and poor Don Packwood was relegated to last place. Jim Bordononi led all of the men with a 8:12.5 average. Kristina Mathias led the ladies with a 8:39.5 average. Norm Saucedo led the seven 60+ runners with a 9:35.0 average, running a remarkable 95 seconds under his rating.

Dick Barrett Trophy Winner – Bob Schmitt

It was a bit cold this morning but still good weather for running. Scott Bang opened fast for the first downhill mile but then Andy took over and ran to an easy win. Jim Bordoni led the men 40+ runners with his 3rd place finish. Danny Moon led the 50+ men while recording the #13 time by a 55+ runner. Bob Schmitt led the 60+ men while posting the #6 best-ever time by a 60+ runner. Kristina and Becki did not feel sharp this morning. So, they coasted to a tie. Missy improved her PR by 11 minutes (her previous run on this course was when she was pregnant) while moving to #11 on the women's all-time list. Antonina led the 40+ ladies, Georgia led the 50+ ladies, and Madelyn established a new 60+ standard for the women. Christian Saucedo's run today meant that he had completed all of the Saturday courses for the year and put him into 2nd place in the Cum Saturday contest. Chris Cassell improved his PR by nearly 3 minutes. Tom Warfel strained his hamstring muscle and had to walk to the finish in order to avoid being charged with a DNF.

Dick Barrett Trophy Winner – Chris Cassell

The Mathias/Chimenti team started last and came within an inch of winning. Dick Chimenti started 42 seconds behind Chris Cassell on the last loop and almost caught Chris. The trophy was given to Chris because he sprinted very hard to hold off the hard charging Chimenti. Jim Bordoni and Dave Piazza led the men with 3:38 and 3:39 per run averages. Kristina led the ladies with a 3:48 average. Danny Moon, who was saving himself for an assault on the 5-minute mile the next day, led his team to a last place finish.

Scott finally sprinted away to victory. Mr. Saturday, Ray Russell, made a rare appearance and looked respectable with his 4th place finish. Danny led the 50+ runners while recording the #8 time on the 55+ list. Dave McIntyre knocked 7 seconds off his PR. Joe Hurtado scored a close win over Dave Norlander to lead the 60+ runners. There were many good performances this morning. Slim and Lenin ran together until there was a mile to go. Then, Slim unleashed a 5:14 for the final uphill mile to claim the win. His winning time moved him to #14 on the 40+ list. Scott Bang, after running with the leaders for awhile, fell back to 3rd. But, his time moved him into the lead in the Cum Saturday contest. Al Murray had a good battle with Becki until the final mile, when he gradually began to pull away. This was his best performance on this course in 3 1/2 years. Danny Moon's time put him #13 on the men's 55+ list. Missy improved her PR by 12 seconds while moving to #11 on the women's all-time list. Danielle missed her PR by 4

seconds. Dave McIntyre improved his PR by 24 seconds. Sue Francis broke the women's 50+ course record by 30 seconds. Helen Wong and Tom Zades duked it out throughout the race. Tom finally faded during the last mile and Helen passed him near the baseball field to claim the win. Stan DeMartinis, one day shy of turning 80, ran his best time on this course in over a year.

Jim Bordoni, one month shy of turning 50, had the second best splits at 8:17 and 8:31. Missy Sudan led the ladies with a total time of 18:12. Jake White ran seven 400s and one 800 on the Los Gatos track and then came over to run with us and still ran well for his two loops. Dick Barrett Trophy Winner – Chris Cassell

21 rugged competitors showed up for the run this morning. We had a big storm overnight but, fortunately, very little rain during the race. However, the winds were extremely strong and, obviously, slowed the times considerably. Lenin left everyone during the first few yards and won by about a quarter of a mile. Slim Pickens and Joe Hurtado, who ran the Cal Intl Marathon, 6 days earlier, ran respectably. Slim led the 40+ runners and Joe was the 2nd 60+ runner. Kristina and Becki led the ladies. Tim Rostege showed that he is getting in better shape. He led the six 60+ runners while improving his last effort on this course by 3 1/2 minutes. Jake White ran this course for the first time as a 60+ runner, improving his last run on this course in July 2001 by 75 seconds. Chris Cassell improved his PR by 63 seconds. Dave Norlander ran with a huge knob on his shin (from hitting it with a hammer while attempting to knock the wooden stand off a Xmas tree). Annette improved her 50+ PR by 4 minutes. Stan completed his first Saturday course as an 80+ runner, establishing a new 80+ record for the Farwell course. Five intelligent runners avoided the adverse weather conditions by helping at the finish line.

12/21/02 – Short Six – 5.74M

1	Lenin Zapata	31:57		24	Terry Wong	49:37.1		seconds as he moved into a 19 th place tie with Jake White on the 50+ list. Al Murray recorded his best time on this course since he ran 36:22 four years ago. Kristina led all of the lady runners. Bob Schmitt ran the 5 th best-ever time by a 60+ runner. This put him into 4 th place in the B division of the Cum Sat contest behind Cecil Baumgartner, Tim Rostege, and Joe Hurtado. If he runs the Valle Vista course on all-courses day next Saturday, he will take over the lead. Dave McIntyre improved his PR by nearly two minutes. Rich Stiller improved his 55+ best by a minute while running his best time on this course since he ran 41:55 eight years ago. Helen Wong took home the weekly trophy because she improved her PR by four minutes. Stan established his second 80+ course record.

There were 12 WVJS runners who went to Hollister on this perfect day to race the famous Hollister road mile. The fastest male ran 4:27 (19 years old) and the fastest woman ran 5:35 (12). Both had youth on their side. Slim Pickens

didn't get lost during his warm up this year as he did last year. Scott Bang started off slow with the youth and then moved up to capture 3rd place. Jim Bordoni surprised himself with a strong 2nd half, breaking 5 minutes for the first time this year. Danny Moon went out very quickly but was then passed by Scott at the quarter mile and Jim Bordoni at the half mile. Still, Danny finished strong with his best mile of the year. Dave McIntyre ran a great race but it wasn't good enough to beat Cecil, who drafted on Dave until just before the finish. Cecil got 25 points in the B division for this race and Dave got 24. Rich Stiller ran well while pacing Don Packwood in his successful attempt to break 6 minutes. Pauline was very pleased when she saw the clock several yards from the finish. This was her best mile of the year. Georgia also ran her best mile of the year just finishing under the seven minute barrier. Madelyn started in the back of the pack, almost running over two young girls who stopped to tie their shoes. But she did recover to smash her goal of running under 8 minutes, finishing just ahead of the first baby jogger. Dete Kraus came all the way from Arnold to challenge Walt VanZant but chose not to run when Walt failed to show. Rich Stiller has issued a challenge to Dete for next years race.

(Writeup by Rich Stiller)

Under cloudy, grey November skies, Rocketman ran again. Running on a specially designed down hill course, 10 elite WVJS members (all of whom met the prior qualifying time standard of 12 minutes for the mile) competed in the inaugural Howard Powers Downhill Mile Race. The course started up at the top of Fruitvale and Highway 9 and finished on the West Valley College Campus.

Danny and Dimitrios took off fast, going through the first quarter in 69 seconds. Danny kept up the pressure with Dimitrios coming up on his shoulder three times until finally Danny was able to pull away for the win, crossing the line in 4:51. Dimitrios also broke the magic five minute barrier, running 4:57. Dick Chimenti was third in 5:10.

The first woman was Kelly Emo who was battling a cold and marathon training (what's that?) but she still ran a 5:41 which is a PR. Sue Francis was the second woman in 6:10.

Danny Moon broke 5 minutes for the mile for the 23rd consecutive year! We had considered the option of dropping Danny from an airplane one mile up or throwing him off Mount Everest. This race seemed a better choice. This was also the first time Dimitrios had broken 5 minutes too. Dick's run was also startling. He ran Saturday's workout all out. So did Sue Francis.

We had plenty of help putting on this boutique event. Ken Napier helped with the start and Madelyn Moon and Tom Warfel helped with the finish. We also had such notables as Linda Legregni,

Ron Hankison and Rich Collins cheering the runners on.

Everyone got a medal and the first male and female across the line got a free breakfast.

We hope to make this a regular annual event.

(Writeup by Kelly Emo)

Over 26,000 runners ran the 30th annual Honolulu marathon-- and 16,000 were from Japan. Hawaii is gorgeous in December, temperatures range in the 70-80's with relative humidity around 60-70% and nice stiff trade winds. Perfect weather for a vacation, beach combing and sailing. Not quite so optimal for running but it was gorgeous none the less.

They call the race the people's marathon and that is the truth because you really see all kinds. Lot's of walkers, large charity groups (I was with one of them, the Team in Training, fast runners, slow runners and lots of costumes).

The course is beautiful -- through downtown Honolulu in the dark (the race starts at 5:00 am) and through lots of Christmas lights, then down Waikiki, over Diamond Head (the first mile long formidable hill at mile 8), then down the coast, around a lake and back, back over Diamond Head (at mile 24 just for grins...) and into a park for the finish. I

was able to see the leaders at the 11 mile mark (I think they were at mile 18) and it was an exciting finish -- one Kenyan hanging off the shoulder of another for the whole race, only to sprint by and take the win in the last 50 meters... a really exciting finish. I ran most of the race with Spider man.

I had the delusion that I was going to be able to run the race at 8 minute pace but that was definitely not a reality as I had my reality check up the first Diamond head hill and I had to drop to 9 minute pace to finish the race comfortably in the heat and humidity. I held 9 minute pace through the last 16 miles to dip under the 4 hour mark but not make the Boston qualifier (that would have taken a 3:45 and I did 3:54) so now I'm gonna have to run Napa :-)) hee hee

I finished 49th out of 1200 in my age group so that made up for the slower time...

I highly recommend the race for those looking for an excuse for a great vacation but not really looking for a PR.
